

About WV Writers, Inc.

West Virginia Writers was established in 1977 by invitation of the WV Arts and Humanities Council. We are the state's largest organization for writers.

With support of both members and sponsors, our not-for-profit, all-volunteer organization fosters, assists, and coordinates regional and statewide activities in support of writers and writing programs.

We are founded on the fundamental principle that the written word is one of the most distinguishing characteristics of all human endeavors. Our aim is to expand and develop creative writing opportunities for writers and to connect with others in the literary community and the public at large.
